THE ALEXANDRIA CANAL AQUEDUCT.
The Georgetown Courier is at it again. We admire its wind and bottom, if not its speed. The devotion to the cause of the speculators who have been buying up property west of the aqueduct long since it was built, and that for a song—which property they now seek to render valuable by the destruction of that work—is worthy of all praise, from that quarter at least. We are tired of watching a controversy with paper weapons. Newspaper paragraphs settle nothing. We, therefore, propose to our neighbors that we save our wit and strength for something else, and let the lessees and the speculators go at it, with the aid of the lawyers, &c., (who, at least, will profit by the fight, while they laugh at those who pay them,)—whereby something will be settled one way or the other.

Does the Courier and its clients seriously expect us to surrender rights which have remained unquestioned for twenty five years, without a dollar of equivalent in compensation? We flatter ourselves that we are a very generous and magnanimous people, but this would be "loading" it a little too far!

STAFFORD COUNTY.—At a meeting of the citizens of Stafford County, held at the Court House on Wednesday, September 25th, 1867, John Moncure was called to the Chair and H. B. Barnes, esq., appointed Secretary. The object of the meeting being explained by John H. Suttle, the following resolution was unanimously adopted:

Resolved, That John H. Suttle, H. B. Barnes, E. F. Rose, E. A. N. Hore, Duff Green, N. W. Ford, R. C. Fitzhugh, G. V. Moncure, W. T. Patton, Dr. W. Hore, H. C. O'Bannon, Col. Thomas Waller, W. H. Hansbrough, James Monteith, John C. Shelkitt, and R. L. Cooper, are hereby appointed Delegates from the county of Stafford to attend the October term of the County Court of Prince William, and to represent Stafford County in any meeting held by the citizens of Prince William County, on that day, for the purpose of selecting a candidate to represent Stafford and Prince William Counties in the Convention ordered to be held by the late acts of Congress; and that each of said delegates are earnestly requested to attend.

JOHN MONCURE, Ch'n.
H. B. BARNES, Sec'y.

POTOMAC RIVER TRADE.—The National Intelligencer dissents from the position taken by some of the proprietors of the proposed new line of Potomac steamers in relation to the exclusive benefits to Washington. It says:

"A heavy wholesale business is growing up at Alexandria. It augments as the repairs of the Manassas Gap Railroad progress. Its Eastern and European trade is coming back. Most men in that city agree in opinion that more men than its former business prosperity is to be realized at no distant day. If a down river or bay planter or dealer shall desire to freight to Alexandria his grain or other produce, and get a return in iron, salt, plaster, composites, and groceries, where is the objection to his using the steamers in question? Cannot they touch at Alexandria to land and receive commodities? Washington, the political capital of a country of continental proportions, and for that reason alone bound to be a greater city than Berlin or Vienna, ought not to fear a damaging rivalry from the present small city of Alexandria. She is now by rail but little farther from us than Georgetown. Nor will she be, within three years from now, by steam ferries. We wish there were twenty such cities no farther off from us."

PUMPS IN ALEXANDRIA.—The Washington Republican contains the following notice concerning the street pumps of this city:

The authorities are turning their attention to the pumps. This is very commendable. Those useful old public servants should not be suffered to languish. Although the hydrants have circumscribed their use, they may yet, on some freezing night, stand the town in good stead when the hydrants are frozen and a fire breaks out; for the pumps never freeze. Wells of the dissolved pumps, too, need attention. They are covered with wood, over which earth is thrown and the pavement is laid. It is more than a quarter of a century since some of them were covered, and as the wood decays the whole pavement may yield and passers by be carried down into the wells among the rubbish. Such an accident happened many years ago to a pump which stood on the corner of Washington and Duke streets, and last week the well at the corner of Prince and Pitt streets fell in just after a party of gentlemen had passed over it. We are glad to see the pumps at the corner of King and Washington and at Fairfax and Duke streets receiving needed attention.

TOURNAMENT.—The tournament and festival at Annapolis Island was well attended on Thursday last. The knights who rode were about the same as upon the previous day. Mr. John S. Berry delivered the charge. The successful knights were as follows:

The Knight of Maryland, Mr. Jarboe, of Maryland, who crowned Miss Nellie Blackford, of Georgetown; the Knight of Southampton, Mr. A. C. Tolson, who crowned Miss Drew, of the District of Columbia, as first maid of honor; the Knight of the Potomac, Mr. Horace Baily, of Virginia, as second maid of honor; the Knight of Annapolis, Mr. Mosier, of Maryland, who crowned Miss Annie Quantrell as third maid of honor. The party then repaired to the pavilion, where dancing was kept up until a late hour. The festival closed on Friday, having proved quite a success.

NOTICE TO THE PUBLIC.

Without making a useless harangue, I will say to my friends and the public that I am now prepared to supply all of their wants in the way of STOVES. It is time lost to undertake to look for anything better than can be found in my store. I have something new in the way of HEATING STOVES, which cannot be surpassed in style, or beauty of design. To one and all I will say that whatever I sell I warrant to answer the purpose I sold it for. I therefore invite my country friends to call and examine my stock of COOKING and HEATING STOVES before purchasing elsewhere, confident that they will not go away displeased. I would also enumerate amongst my stock a fine lot of TIN WARE, of my own manufacture, and made by very experienced workmen; also, TINED SAVERS, PRESERVING KETTLES, Fruit Cans, Fine Japanned and Plated Ware and Chamber Sets, to which I would call the attention of the public. Coffee Urns, Tea Urns, Wattle Irons, Children's Toys, and a fine lot of Block Tin Ware and other articles which are too numerous to mention. Thankful for past patronage I hope to have a continuance of the same.
